

Stage 1 upper pistol bay

This town needs tamin' and you're the one to do it. Ain't gonna be easy so you better be well heeled.

Start: standing (both feet) behind wall on either side (stage may be run in either direction) open-empty shotgun in hand, rifle loaded w/10 on bale at other side, both pistols loaded w/5 and holstered.

On signal: step behind bale, load and engage 4 SG targets in front of you. Move to other side and engage other 4 SG targets. Make shotgun safe on bale, retrieve rifle and engage opposite rifle targets sweeping L-R then R-L. Make rifle safe on bale, move forward to small wall and use both pistols as needed to sweep P1-P5 L-R then R-L, holster.

Round count: 10 rifle, 10 pistol, 8 (+) shotgun
