

## Stage 5 south bay

The fight started in the saloon, moved out into the street, and finished up at the bank. It started out as fun but got serious in a hurry and you needed every gun you had or could borrow...

**Start:** at left of saloon doors in the Marquis of Queensbury position, both pistols loaded w/5 and holstered, rifle loaded w/7 in scabbard on horse, open-empty shotgun staged by bank window.

**On signal:** kick pepper popper (must fall), then using both pistols as needed engage P1-P3 in two consecutive 2-1-2 sweeps in the same direction, holster. Move through saloon doors to horse, retrieve rifle and engage R1-R4 using Nevada sweep. Make rifle safe in scabbard, move to bank window, retrieve shotgun and engage four targets on one side of window and two on the other side in any order.

**Round count:** 7 rifle, 10 pistol, 6(+) shotgun
