Surprise is your best chance. If you ride at them hard you may get some of 'em before they're ready. When they get your horse you have finish the job on foot.

Start: mounted facing down range, rifle loaded w/8 in hand, open-empty shotgun staged at first rock wall, both pistols loaded w/5 and holstered. Signify ready by saying: "Giddy up".

On signal: double tap R1-R4 any order. Make rifle safe in scabbard, dismount and move to first rock wall. Retrieve shotgun and engage S1-S2. Move to second rock wall and engage S3-S4. Make shotgun safe and using both pistols as necessary engage P1-P3 using a double tap Nevada sweep, holster.
